

Instructions for Care of Your Partial

To clean your partial use soap and a soft tooth brush in warm water. If you experience any sore spots or pain, please come in and see us. If you are having any problems fitting your partial in, place it in a hot glass of water for 1-2 minutes.

Take your partial out at night, wrap in a moist paper towel, and put it into your container.

If you have any questions, please call us or stop by the office.
